

# Quality Bulletin

Issued: 31/07/2015  
VQB-E-20150731-1R0

## Part Identification

### OUR COMMITMENT

The Valiant Group and partnering companies are totally committed to, and actively participate in, the ongoing process of quality improvement, reliability, maintainability and durability.

**Please ensure that any details shipped to Valiant are stamped with the part ID number.**

### Impact on (Customer ) Valiant

- Extra processing time for shipping and receiving to determine the correct part number.
- Potential of incorrect detail(s) being assembled to the unit.
- Traceability issues in case details are lost or missing.

### If we receive details that are not etched:

- There will be a charge back of \$125.00 dollars per NCR if Valiant shipping and receiving has to etch the details (small lots).
- Or the supplier can pick up the details and stamp them at their location (for large lots).
- If suppliers do not come in within 24 hours to pick up the part(s), we'll identify it and charge the hours in the NCR. We cannot hold the parts more than 24 hours.

For more information, please contact your Quality Department Representative.
