Supplier Stamped Company Logo

OUR COMMITMENT

The Valiant Group and partnering companies are totally committed to, and actively participate in, the ongoing process of quality improvement, reliability, maintainability and durability.

Dear Valued Supplier

It is common for Valiant Machine & Tool to request several suppliers to manufacture the same detail(s) therefore we are asking our suppliers to stamp the part number ID and **your unique Company Logo** to avoid confusion when two or more companies supply us with the same part.

If for example a detail is found to be nonconforming we can easily identify the company that manufactured the detail(s).

We welcome any comments that you may have, or if you have any questions do not hesitate to contact anyone in our Purchasing and Quality department.

For more information, please contact your Quality Department Representative.
